Professional Skills

Programming
Polyglot programmer. 10+ years of experience with JavaScript. Well versed in Python, PHP, Ruby etc.

Designing
Autodidact UX minimalist. Proficient in both visual & programmatic design tools for print/screen publish media.

Speaking
Seasoned public speaker. 1000+hrs of experience in presenting talks & facilitating workshops across the globe.

Mentoring
For some reason, my peers believe I can help them grow, & for some reason, I enjoy pretending that I can.

DevOps
System assembly & administration. From baremetal to k8s server provisioning, automation & management.

Fine & performing arts
Sketch, paint & sculpt in both traditional & digital media. End to end multimedia & VFX production pipeline. Ex-stage-performer & semi-pro photographer. Co-produced indie sci-fi VFX films & animated shorts.

Academic Details

Post-Graduation [2010]	Master of Computer Applications, from WBUT
Certification [2009]	Advanced Diploma in 3D Animation+, Cambridge University
Graduation [2007]	B.Sc. with Honors in Physics, North Bengal University

Extracurricular Interests

Gaming
Previously fond of single player action/adventure/platformer games. Now mostly into competitive multiplayers.

Studying
I study a varied spectrum of subjects, consisting Philosophy, Psychology, Politics, Religions, Mythology et. al.

Photography
Mostly into experimental photography: high-speed/time-lapse, infrared/ultraviolet, abstract/minimalism.

Miscellaneous
I like building teams; amateur theater group, cricket team, even a music band. I like walking across cities that I visit - sometimes overnight. I like ardent debates, sick wordplays, pulling all nighters, and quite a lot of other stuff.
